Dear Ms. Peat,

On behalf of the many children and their families who look to St. Jude Children's Research Hospital for life saving care, thank you so much donating EMT services at Miromar Outlets for the Give thanks. Walk on November 21, 2009 that raised over \$20,000 for the hospital.

Danny Thomas dreamed of a hospital where sick children could come for treatment – regardless of race, religion, or a family's ability to pay. He sought to establish an institution where doctors could treat children with life-threatening illnesses, while scientists could conduct research that would ultimately lead to cures. When St. Jude Children's Research Hospital opened its doors in 1962, Danny's dream had become a reality.

Your support keeps Danny's dream that, "no child should die in the dawn of life" – very much alive. Please know that because of your **kindness** we will continue making incredible strides in the fight against childhood catastrophic illness.

I hope that we will be able to work together again in the near future. Again, thank you so much for caring about the kids of St. Jude. It was a pleasure to meet you and your entire staff.

Sincerely,

Angela Sotolongo
